UCS X-Series M8 X-Direct Xccelerate Offer Ordering Guide

Page 1 of 76 Cisco Confidential

Introduction

This ordering guide covers the ordering information for the below products:

The Cisco UCS X9508 chassis:

The Cisco UCS[®] X-Series Modular System begins with the Cisco UCS X9508 chassis, engineered to be adaptable and future ready. It is a standard, open system designed to deploy and automate faster in concert with your hybrid cloud environment.

With a midplane-free design, I/O connectivity for the X9508 chassis is accomplished with front-loading, vertically oriented compute nodes intersecting with horizontally oriented I/O connectivity modules in the rear of the chassis. A Unified Ethernet fabric is supplied with the Cisco UCS 9108 Intelligent Fabric Modules. Cisco UCS X-Fabric Technology interconnects enable connectivity between the compute and resource nodes using PCIe Gen4 and will supply other industry-standard protocols as standards emerge. Interconnections can be easily updated with new modules.

The 7 rack-unit (7RU) Cisco UCS X9508 chassis has 8 flexible slots that can house a combination of compute nodes and a pool of current and future I/O resources that may include GPU accelerators, disk storage, and nonvolatile memory.

UCS X215c M8 Compute Node:

The Cisco UCS X215c M8 Compute Node is integrated into the Cisco UCS X-Series Modular System. Up to eight compute nodes can reside in the 7-Rack-Unit (7RU) Cisco UCS X9508 Chassis, offering one of the highest densities of compute, IO, and storage per rack unit in the industry.

Purpose, Audience, and Scope

Purpose

This document describes how to order the UCS X-Series M8 X-Direct Xccelerate Offer.

Scope

This ordering guide describes the information for:

- Ordering Structure of Cisco UCS X-Series M8 X-Direct Xccelerate Offer.
- Catalog of Product IDs
- Ordering Server Hardware and Software options
- Links to additional resources

Audience

Buy Method Through Cisco (Eg: Direct Customer & Tier 1 Partners):

- Scenario 1: Customer Without Enterprise Agreement for Cisco Intersight Software License
- Scenario 2: Customer With Enterprise Agreement for Cisco Intersight Software License Buy Method Through Distributor (Eg: Tier 1 & Tier 2 Partners):
 - Scenario 1: Customer Without Enterprise Agreement for Cisco Intersight Software License
 - Scenario 2: Customer With Enterprise Agreement for Cisco Intersight Software License

Ordering Structure of UCS X-Series M8 X-Direct Xccelerate Offer

Catalog of Product IDs (PIDs)

Note: For a complete list of part numbers for the see the <u>Cisco UCS X215c M8 Compute Node Spec Sheet</u>, <u>Cisco UCS X9508 Chassis Spec Sheet</u>

 Table 1.
 PID of Major Line Bundle (MLB)

Product ID (PID)	Description
UCSX-M8-XDIRECTXCC	UCS-X M8 X-Direct Xccelerate Offer

Table 2. Cisco Hardware Major Line PIDs

Product ID (PID)	Description
UCSX-9508-FREE	UCS X9508 Chassis Configured
UCSX-215C-M8-U (Paid Node)	Cisco UCS X215c M8 Compute Node without CPU, memory, drive bays, drives, VIC
UCSX-215C-M8-FRE (Free Node)	adapter, or mezzanine adapters (ordered as a UCS X9508 chassis option)

Table 3. Cisco Intersight Major Line PIDs

Product ID (PID)	Description
DC-MGT-SAAS	Cisco Intersight SaaS
CNDL-DESELECT-D	Conditional Deselect

Step By Step Ordering Process

Buy Method Through Cisco (Eg: Direct Customer & Tier 1 Partners)

Scenario 1: Customer Without Enterprise Agreement for Cisco Intersight Software License
